PROFILE

ABOUT

PraveenLata Sansthan is a Jaipur based NGO registered in April 2013 working with its operations across Rajasthan. The primary focus is to alleviate on the problems of the poor and their struggle to obtain a life of justice and dignity focusing on Child Welfare, Women Empowerment & Rural Development. An in-depth understanding of issues in the area and consistent support from community members, have led the organization to undertake and implement various need based interventions on education, health and skill development at grass root level.

Our Vision

To alleviate poverty by facilitating empowerment of women and girls from poor and marginalized communities.

Our Mission

We work for behavioural, social & economic transformation of girls and women by providing them community based solutions in the areas of education, health and sustainable livelihood.

FOUNDER'S SPEAK

Dear Friends,

2021-22 has been yet another exciting and challenging year that PraveenLata Sansthan saw with Second wave of COVID effecting the Communities and expansion in operations to new geographies and staying committed to its goal and working on COVID Relief activities on Grounds.

This Year we stretched ourselves to expand our operations to 25 new districts across Rajasthan touching more than 100+ villages including the last village of Rajasthan and expanded to Madhya Pradesh & Northeast to work on MHM Projects.

The Program around Education, Health & Safety & Skill Development was focused while the COVID moved us to a newer goal to work on disaster management i.e Flood Relief activities and COVID 19 Relief work touching communities like Folk Artist, Tribals, Daily Wage Earners, Migrant Labourers. We have worked on grounds and saw the pain of people effecting their life during pandemic followed by issues around Food Survival, Personal Safety, Sanitation and Medical Needs,

As I write this letter, I am thankful for all that PraveenLata Sansthan team has managed to achieve and am extremely hopeful and excited for the future. As we move into another year of aligning with the Global Goals (SDG's), we continue to put our efforts to work on Sustainable Development Goals at the forefront of all our work.

With These accomplishments we enter 2022-23, which will be a year full of hope. A year where we will achieve even bigger milestones.
